

OAS Bird Fair

Sept. 6, 2008, Vendor Unloading Location

Parking for unloading or loading will NOT be allowed in the drive in front of the Convention Center!!!

Due to other events scheduled at the Convention Center, **absolutely no parking for unloading or loading will be permitted in the drive in front of the Convention Center at any time. This pertains to Saturday morning also.**

The main location will be Dock "A" off Houston St. behind the Convention Center. Vehicles will be permitted to enter Exhibit Hall A through the overhead door. All Vendors must unload there before setting up and promptly move their vehicles to allow other vendors access to the area. Due to the Fire Marshall's Code, no vehicles containing flammable liquids will be permitted to remain in the exhibit hall for an extended period. Any vehicle left will be towed at the owner's expense.

Vendors with trailers or oversized vehicles **MUST** unload in Exhibit Hall A. Trailers only may be left in the exhibit hall as long as they have first been moved away from the inside doors and unloading area. No other vehicles may be left inside the exhibit hall.

Alternate locations for unloading vehicles other than those with oversized vehicles or trailers:

- Park in any of the lots and unload. Access to the main doors from the driveway is available.
- The entrance to the underground parking is off Sixth St. Elevators are located inside the Convention Center.

There is a parking fee for the North Lot and the Parkade. The other lots are metered parking until 6:00 pm Friday. There will be a parking fee in the metered lots after 6:00 pm on Friday and all day Saturday.

Parking lots are separate from the Convention Center. Any vendor wanting to park a motor home, with or without electrical hookups, needs to contact American Parking at 918-585-2899 prior to arrival.
